

heavy-duty portable countertop induction range

models : **GS1680**

FEATURES

- Full stainless steel body
- Durable glass cooktop
- Upgraded heating coil and circuit board
- Touch pad controls, 4 digit LED display, and digital timer
- 7 power levels
- Proper pan detection and automatic empty pan safety shut-off
- Temperature settings from 140° to 460°F
- Overheat protection
- Error code alert display
- Attached 51/2' power cord and plug, NEMA 5-15P
- Non-slip feet
- 10" diameter pan maximum

Take the high energy efficiency of induction cooking virtually anywhere—even on the road in mobile applications—with this ingenious, portable countertop unit. Combines versatile digital controls, pan detection with automatic empty-pan shutoff, and overheat protection to make this advanced method of cooking as easy as possible. The glass cooktop inside a stainless-steel housing maximizes durability. Features seven power levels, with temperatures up to 460°F to handle even the higher-volume soup pots.
